The Department of Agriculture field offices and the Bureau of Plant Industry shall be guided by the following policies/guidelines:

1. All seeds produced by DA Stations and Seed Farms should undergo tests by the Seed Testing Laboratory of the National Seed Quality Control Services as to the germination, moisture and physical purity tests standards and should not be less than 80%, 12% and 95%, respectively, prior to sale or distribution.
2. All seeds still on stock at any DA field units after two months shall be retested for seed quality, germination and moisture content and only seeds within the quality standard are eligible for sale/distribution.
3. Seed and plant materials shall be sold in cash and carry basis. Overgrown and or large plant materials can be disposed under the discretion of the head of office.
4. Seed germination that fall below the minimum standard quality shall be disposed or shall be condemned according to COA regulations.
5. Budstick for asexual propagation shall be sourced from the registered and or regularly indexed parent trees.

This Order shall take effect upon approval and supersedes all other Administrative Orders inconsistent herewith.
