Re: L III. b /

Financial Cooperation with the Philippines

DM 3,000,000.-- Financing Agreement for
"Fund for Studies and Experts", No. 81 70 276

Dear Sirs,

The Financing Agreement entered into between the Republic of the Philippines ("Recipient") and Kreditanstalt für Wiederaufbau ("Kreditanstalt") on 12 MAY 1982 provides that the following be determined by separate agreement:

Pursuant to Article 1.2 the details of the Project as well as the goods and services to be financed from the Financial Contribution; pursuant to Article 3.1 the disbursement procedure, in particular the evidence to be furnished by the Recipient for the disbursement of the Financial Contribution proving the use of the Financial Contribution for the purpose stipulated in the above Financing Agreement; pursuant to Article 7.2 the details pertaining to Article 7.1 (Execution of the Project).

Deutsche Bundesbank Frankfurt (BLZ 504 000 00) Girokonto 504 09100 . Postscheckamt Frankfurt (BLZ 500 100 60) Konto 49837 609

Therefore, we propose that the following be agreed upon:

I. Details of the Project and of Services

(1) The individual project studies, detailed engineering or advisory/consulting services ("Project Components") to be financed from the financial contribution shall be determined between the Recipient and Kreditanstalt.

The Recipient shall submit to Kreditanstalt in due time for approval proposals for studies, detailed engineering or advisory/consulting services for investment measures considered to be of developmental priority.

At the same time the Recipient shall inform Kreditanstalt who will be the project sponsor/executing agency responsible for the execution of the corresponding Project Component (ministry, legally independent institution a.o.). The approval for financing a Project Component does not include any consent to cover the investment costs involved in the pertaining investment.

After Kreditanstalt has given its consent for financing a Project Component the details of the Project Component as well as the costs shall be determined by a Project Component Agreement between the Recipient and Kreditanstalt resp. - in case of a legally independent project sponsor - between the corresponding project sponsor and Kreditanstalt.

Should there be any indication of major changes in the measures or in the cost estimates of the Project Components Kreditanstalt shall be informed without delay. Implementation of such measures shall commence only on the basis of revised planning and after Kreditanstalt has given its consent.

The details of the consulting services shall be laid down in the consulting contracts to be concluded with the experts who shall be entrusted with the implementation of the Project Components.

(2) The details of the contributions possibly to be rendered by the Philippine side shall be agreed upon by Project Component Agreement.

(3) The list of goods and services to be financed from the financial contribution shall be prepared on the basis of the contracts concluded for such goods and services. Accordingly, Kreditanstalt shall be furnished with a copy of each contract.

Having checked the contracts, Kreditanstalt shall transmit to the Recipient numbered letters stating the amounts which have been reserved for the financing from the financial contribution and send him the

"List of Goods and Services"

as supplemented from case to case (Annex 1).

(4) When concluding contracts for goods and services to be financed from the financial contribution, the following principles shall be adhered to by the Recipient:

(a) The payment conditions of the contracts shall be in line with commercial practice.

(b) To safeguard the advance payments and the due implementation of the contracts, the contracts shall provide for appropriate advance payment and performance guarantees to be given by banks or insurance companies.

(c) As according to Article 1.4 of the Financing Agreement no import duties shall be financed from the financial contribution, such import duties, if part of the contract value, shall be stated separately in the contracts to be concluded for the goods and services and in the invoices.

(d) It shall be ensured that the goods and services to be financed from the financial contribution are insured adequately and to the customary extent against transport risks so that their replacement or repair is possible. Such insurance shall be taken out in a freely convertible currency as far as foreign exchange costs accruing to the Recipient shall be financed.

(e) It shall be ensured that all contracts for services, if payable from the financial contribution, contain a provision to the effect that any reimbursements, insurance, guarantee or similar claimable payments shall be made for the account of the Recipient to Kreditanstalt into its account No. 504 091 00 with Deutsche Bundesbank, Frankfurt am Main, with Kreditanstalt crediting him with the amounts. If such payments are made in local currency they shall be transferred to a special account of the Recipient in Manila; such account may be operated only with the consent of Kreditanstalt. Such funds may be re-utilized in accord with Kreditanstalt for the execution of the Project.

II. Disbursement Procedure

The disbursement procedure is governed by the "Guidelines for the Disbursement of Funds of German Financial Co-operation with Developing Countries by Kreditanstalt für Wiederaufbau", which constitute an integral part of this Agreement.

III. Implementation of the Project

(1) For the implementation of the Project the project sponsors/ executing agencies of the individual Project Components are responsible. The time-table and the cost and financing schedule required for the proper technical and financial execution of the corresponding Project Component shall be prepared as soon as

possible after it has been decided to finance the respective Project Component from the financial contribution and shall be forwarded to Kreditanstalt. Such schedule shall show the presumable timing and coordination of the individual measures as laid down in the Terms of Reference and the resulting financial requirements, by dates and amounts. As far as any deviation from such schedule becomes necessary in the course of the implementation of the Project Components Kreditanstalt shall be furnished with the revised schedule.

(2) The contracts concerning the preparation of the individual studies, the detailed engineering services or advisory/consulting services shall be awarded to independent qualified Consulting Engineers domiciled in the Federal Republic of Germany including the Land Berlin in the course of public competition. For this purpose, the project sponsors/executing agencies shall publish a corresponding notice at least in the "Nachrichten für Aussenhandel" (NfA) of the

Bundesstelle für Aussenhandelsinformation
Blaubach 13
D - 5000 Köln

FEDERAL REPUBLIC OF GERMANY

under the heading "Finanzielle Zusammenarbeit der Bundesrepublik Deutschland" (Financial Cooperation of the Federal Republic of Germany). Publication in the NfA is free of charge. From among the applications of the Consulting Engineers interested (long-list), the project sponsors/executing agencies shall preselect the Consulting Engineers particularly qualified for executing the Project Component (short-list), with the preselection requiring the approval of Kreditanstalt. Accordingly, the project sponsors/executing agencies shall furnish Kreditanstalt with an evaluation report on the preselection together with all other relevant documents as requested by Kreditanstalt. Sufficient time allowed, the Consulting Engineers selected shall be invited to submit their tenders of services and price quotations separately.

The final selection shall depend on the quality of the tenders of services; only if the tenders are of equal quality shall the price quotations be decisive. Kreditanstalt reserves the right to approve the proposal to award the contract. Accordingly, it shall be furnished with an evaluation report on the final selection together with any documents as requested by it. Furthermore, the engagement of the Consulting Engineers selected shall require the prior approval of Kreditanstalt. Accordingly, it shall be furnished in due course with the draft of the consulting contract.

(3) The project sponsors/executing agencies shall cause the Consulting Engineers in charge of implementing the Project Components to report to Kreditanstalt quarterly on the progress of the corresponding study or advisory services until completion of the corresponding study or advisory services. Such reports shall cover the points stated in the list attached hereto (Memo for Progress Reports, Annex 2).

(4) Please send all documents we need for preparing the comments and approvals agreed upon above so early as to give us sufficient time for their examination.

(5) Further details of the implementation of the Project shall be determined by the respective Project Component Agreements.

IV. The above stipulations may at any time be amended or modified by mutual consent if this should appear useful for the execution of the Project or the implementation of the Financing Agreement. In addition, the provisions of Article 6.2 and 8 of the Financing Agreement shall apply to this agreement accordingly.

We enclose herewith one copy each of the present letter in German and English asking you to be so kind, as to forward them in due course to the Consulting Engineers.

Please confirm your approval of the above agreement by signing in a legally binding form and returning the enclosed copies in German and in English.

ours faithfully,

KREDITANSTALT FUR WIEDERAUFBAU

Memo for Progress Reports

The reports on the progress of the individual Project Component to be submitted quarterly by the Project Sponsor shall cover at least the following points:

(1) General Information

- name of Project Component
- name of Project Sponsor and of Consulting Engineers
- reporting period

(2) Activities of the Consulting Engineers

Award of contract; kind of services rendered and activities of personnel engaged at the project site.

(3) Award of contracts for Goods and Services

Tender procedure; deadlines; results and evaluation of bids; award of contract

(4) Rendering of the Project Sponsor's Own Contribution (5) Adherence to Time schedule

Comparison of targets with actual values; reasons for changes in the time schedule; descriptions of effects on the progress of the project.

(6) State of Accounts and Disbursements Regarding the services stated in the list specified above under (1).

(7) Adherence to Cost and Financing Schedule Comparison of targets with actual values; proposed financing of cost increase, if any; estimate of the Disbursement from the fund in future (expected need of disbursement quarterly) .

It is recommended to use graphic presentations (bar charts or CPM/PERT network} to show the flow of goods and the performance of services and the incurrence of costs. The progress reports shall be sent to Kreditanstalt within four weeks after the end of the period under report.

ABOUT BATAS.ORG

Study smarter at BATAS.org

The Philippine bar review and law-school companion built around how your brain actually remembers.

The complete Philippine law library - free for everyone.

More than 100,000 Supreme Court decisions, Republic Acts, and executive issuances - full-text searchable, browsable by category and year, and always free. No paywall, no login. This PDF came from it.

Audio case-brief lectures.

Any decision becomes a podcast-style lecture - facts, issues, ruling, and doctrine - with read-along highlighting and a hands-free presentation mode. Study while commuting, working out, or resting your eyes.

Bar review built on the science of memory.

Complete, sequenced courses for all eight bar subjects, narrated like podcasts and reinforced with retrieval practice and spaced review - the study techniques with the strongest evidence behind them.

The full law-school curriculum.

One subscription unlocks the entire J.D. curriculum - every subject, every lesson, with your progress tracked down to the paragraph so you can pick up exactly where you left off, on any device.

Mock exams that tell you where you stand.

Timed multiple-choice exams graded instantly, with per-subject score breakdowns and focus suggestions that point you at your weakest topics first.

A study planner that keeps you on pace.

Set your schedule and BATAS tells you every day whether you are on track for bar day - and exactly which lesson to take next.
