Adopted: 23 May 2014

Date Filed: 27 May 2014

In line with its rigorous campaign against colorum vehicles and fixers, the Board signed a Memorandum of Agreement (MOA) with the National Printing Office (NPO) to provide a solution that would deter the counterfeiting, tampering and falsification of Certificate of Public Convenience (CPC), Certificate of Confirmation and Franchise Sticker.

Under the agreement, the NPO, a government recognized printer, will be providing to the Board a secure, stand-alone platform that would enable it to easily detect alterations or falsification of CPCs, Certificate of Confirmation and Franchise Sticker.

To achieve this, the NPO, will be utilizing an innovative, patented technology that incorporates a premium-level, next generation solution by affixing a nonreproducible identity token in the CPCs, Confirmation Certificates and Franchise Stickers to secure their integrity. A proprietary software that would allow the Board to seamlessly integrate the encoding, scanning and digital storage of all franchise documents into its current work flow process will also be provided by NPO to the Board.

In view of the foregoing, the Board hereby directs ALL grantees of PUV franchises to secure the following:
