

AN ACT TO PROMOTE SCIENTIFIC, ENGINEERING AND TECHNOLOGICAL RESEARCH, INVENTION AND DEVELOPMENT.

REPUBLIC ACT NO. 1606, August 23, 1956

Read online (full-text search, related cases, audio case brief): <https://batas.org/library/2c78064abc89/>

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. In order to promote scientific, engineering and technological research, invention, and development, the Government shall, in accordance with the provisions of this Act:

- Grant scholarships in science, engineering and technology for especially gifted citizens;
- Grant bonus and other financial aid to brilliant and deserving scientific, engineering and technological researchers;
- Give additional compensation to scientific, engineering and technological researchers employed in the Government who, for financial reasons, engage in teaching or in private business after office hours, subject to the condition that upon receiving such additional compensation, they shall no longer engage in teaching or in private business but shall devote themselves after office hours to scientific research and studies: Provided, That the faculty and other personnel of the University of the Philippines engaged in scientific engineering and technical research who are not authorized to teach outside or engage in private business shall be entitled to the additional compensation equivalent to that received by officials and personnel of other branches of the government of equivalent rank;
- Employ the services of recognized scientists, engineers and technologists for the purpose of training promising young scientists or researchers;
- Acquire all the necessary scientific, engineering or technical equipment and supplies which may be needed or conducting researchers;
- Enter into contract with private persons, firms and corporations in order for them to undertake any scientific, engineering and technological research, invention and development that can not be undertaken in the various laboratories, bureaus, offices, agencies and instrumentalities of the Government;
- Extend aids to research, travel grants; send participants to international conferences or congresses; hold International Scientific or Engineering and Technological Conferences and Congresses in the Philippines; and establish exchange of scientific, engineering and technological information with other countries;
- Establish an industrial research and training center in the University of the Philippines;
- Allocate funds provided in this. Act, over and above existing funds, to all existing and new research institutions of the government, for their expansion, improvement and establishment and for originating and continuing researches therein; and with the following research agencies designated to undertake special research projects and requirements along the line laid down in the programs outlined in appendices "A", "B", "C", "D", "E", "F", "G" and "H" which are hereby made integral parts of this Act and/or such changes as the Board may from time to time

decide.

- The University of the Philippines Industrial Research and Training Center: (a) Textile Pilot plant, (b) pulp and paper pilot plant, (c) coconut products and by-products pilot plant, including fuel, and (d) industrial research building;
- The National Scientific and Industrial Research Institute (formerly Institute of Science and Technology): (a) improvement and expansion of the scientific library and laboratory facilities, equipment and personnel, (b) electro-metallurgy pilot plant, and (c) ceramics pilot plant;
- The University of the Philippines, College of Pharmacy (in cooperation with the College of Medicine, University of the Philippines and the National Museum) industrial development of drugs from Philippine medicinal plants;
- The Science Foundation of the Philippines (in cooperation with the National Education Board) : promotion of science consciousness among the students and the general public;
- The University of the Philippines, College of Agriculture (in cooperation with the Department of Agriculture and Natural Resources) : (a) rice and corn breeding, (b) coffee and cacao varieties improvement and control of their diseases and other plant, and (c) livestock and poultry improvement;
- Institute of Nutrition: (a) intensification of nutrition researches and (b) nutrition surveys.
- Department of Health, Public Health Research Laboratories: (a) Anti-biotics (in cooperation with the Bureau of Soil Conservation, College of Agriculture and College of Pharmacy, University of the Philippines), (b) tetanus toxoid, (c) human rabies immune plasma, (d) plasma expanders, and (e) preparation of plasma fraction and gamma globulins.
- Other new and necessary research projects.
- Perform other activities that will promote scientific, engineering and technological research, invention and development.

As used in paragraphs (b) and (c) of this section, the phrase "scientific, engineering and technological researchers" refer to those undertaking studies or investigations to acquire or discover new knowledge, principle, process or information relating to science, engineering or technology.

SEC. 2. The administration of the program provided for in this Act shall be vested in a National Science Board which is hereby created under the Office of the President to be composed of one representative each from the following: the National Research Council of the Philippines to be designated by the Executive Board of said council; the University of the Philippines to be designated by its President; the Science Foundation of the Philippines; the Institute of Science and Technology; the Philippine Association for the Advancement of Science; the Philippine Confederation of Professional Organizations; the Department of Agriculture and Natural Resources; the Department of Health; the Department of Commerce and Industry; manufacturing industries; and the National Economic Council to be appointed by the President with the consent of the Commission on Appointments. The presiding officer of the Board shall be appointed by the President from among the above eleven members with the consent of the Commission on Appointments: Provided, That he is not the chairman of any other government board or council.

The President shall, upon recommendation of the National Science Board and subject to the confirmation of the Commission on Appointments, appoint an executive director on full-time basis. The National Science Board is authorized to:

- Organize such technical and secretarial staff as may be required to implement the provisions of this Act, for which the total sum of sixty-one thousand six hundred twenty pesos is hereby appropriated for the following to be taken from the sum appropriated in section three hereof:

Grand total

P61,620.00

- Coordinate the various researches being undertaken by the different bureaus, offices, agencies and instrumentalities of the government and synchronize them with the activities authorized to be undertaken by this Act in order to prevent unnecessary duplication;
- Release funds provided for in this Act exclusively for the purpose enumerated in Section One hereof;
- Supervise, regulate and otherwise administer the research projects and activities financed from the funds under this Act; and
- Constitute for all legal purposes, the Board of Directors with all the duties, powers and prerogatives of a Board of Directors, unless otherwise provided for in this Act.

SEC. 3. To carry out the provisions of this Act there is hereby appropriated out of any funds in the National Treasury not otherwise appropriated, or from the proceeds of any bond issues authorized by law, beginning for the fiscal year nineteen hundred fifty-seven, the sum of four million five hundred thousand pesos to constitute a special fund to be known as the Scientific, Engineering and Technological Research Fund for the first year and there is hereby appropriated two million three hundred eighty thousand pesos for the second year, and two million two hundred fifty thousand pesos each year for the third, fourth and fifth years: Provided, That any unexpended appropriation for any particular year shall not revert to the General Fund.

Any amount in the form of grants, donations or aids that may be received by the Philippine Government for scientific, engineering and technological research, invention, and development, which shall be exempted from all taxes shall also form part of this Fund.

SEC. 4. The Scientific, Engineering and Technological Research Fund shall be expended by the National Science Board created under Section Two, exclusively for the purposes enumerated in Section One hereof.

SEC. 5. The National Science Board shall submit to the President of the Philippines, the President of the Senate, and the Speaker of the House of Representatives, not later than thirty days from the opening of Congress, a yearly report on the progress made on the various projects financed under this Act, the program of projects the Board will undertake the following year, and a financial report on all its operations.

SEC. 6. This Act shall take effect upon its approval.

Approved, August 23, 1956.

ABOUT BATAS.ORG

Study smarter at BATAS.org

The Philippine bar review and law-school companion built around how your brain actually remembers.

The complete Philippine law library - free for everyone.

More than 100,000 Supreme Court decisions, Republic Acts, and executive issuances - full-text searchable, browsable by category and year, and always free. No paywall, no login. This PDF came from it.

Audio case-brief lectures.

Any decision becomes a podcast-style lecture - facts, issues, ruling, and doctrine - with read-along highlighting and a hands-free presentation mode. Study while commuting, working out, or resting your eyes.

Bar review built on the science of memory.

Complete, sequenced courses for all eight bar subjects, narrated like podcasts and reinforced with retrieval practice and spaced review - the study techniques with the strongest evidence behind them.

The full law-school curriculum.

One subscription unlocks the entire J.D. curriculum - every subject, every lesson, with your progress tracked down to the paragraph so you can pick up exactly where you left off, on any device.

Mock exams that tell you where you stand.

Timed multiple-choice exams graded instantly, with per-subject score breakdowns and focus suggestions that point you at your weakest topics first.

A study planner that keeps you on pace.

Set your schedule and BATAS tells you every day whether you are on track for bar day - and exactly which lesson to take next.
