j. In subsequent allocations, firms awarded in the previous allocation shall have the second priority. The allocation will start from the last awardee (Rank) of the previous allocation. In case the last awardee in the previous allocation was not fully satisfied, the same shall be the first one to be allocated the difference between its cap or the current Cap on Cap (whichever is lower) and the quantity awarded.

2. Market Development Basket:

a. A registered manufacturer-exporter who participates in GTEB led international fairs and exhibitions and who gets confirmed orders shall be given preferential treatment in the allocation of awards.

b. All quantities from the Market Development Basket shall be reserved for promotional activities and development of Filipino brand names, and cannot be transferred to the general basket.

B. Non-Critical Categories:

1. The allocable balance shall be allocated to manufacturer-exporters based on earliest shipment dates, extendible for one (1) month.

2. In cases where the allocable balance is not sufficient for all applications and shipment dates of applicants are the same, allocation shall be done on a pro-rata basis.
