2. BACKGROUND:

A Permit to Transport Firearm refers to a written authority issued to a licensed citizen or entity by the Chief of the PNP or by a Regional Director which entitles such person or entity to transport a particular firearm, firearms parts, accessories, and ammunition from and to a specific location within the duration and purpose in the authority. While the said permit mainly involves transport of firearms, the Chief, PNP has the authority to promulgate policies and guidelines for the effective implementation of the Implementing Rules and Regulation (IRR) of R.A. No 10591.

The transport of firearms, firearms parts, accessories, and ammunition is an essential and vital activity within the firearms industry, thus, the need for the issuance of Permit to Transport. Having been classified as regulated items, the transport thereof must be properly supervised, monitored, and recorded.

Whether applied for by, and issued in favor of, an individual or juridical entity, a PTTFA is patently a separate and distinct permit as contradistinguished with a Permit to Carry Firearms Outside Residence (PTCFOR). The transport thereof is limited and confined to pre-determined routes (point of origin and destination) and fixed dates.

Relatedly, the Philippine National Police (PNP), through the Firearms and Explosives Office (FEO), has been mandated by Republic Act No. 10591, otherwise known as “The Comprehensive Law on Firearms and Ammunition and Providing Penalties for Violations Thereof” and it’s IRR to issue permit to transport firearms, firearms parts, accessories, and ammunition. In the effort to streamline the issuance of PTTFA in the Regions, the

authority to issue said permit had been delegated to the Chief, Regional Civil Security Unit (Chief, RCSU) within his AOR only pursuant to NAPOLCOM Resolution No. 2016-247 "Activation of Regional Civil Security Units". This set-up, however, fails to address a situation wherein firearms are transported from one region to another since the authority of the C, RCSU or even the Regional Director, Police Regional Offices (RD, PRO) is coextensive with his territorial jurisdiction.

3. PURPOSE:

This PNP Memorandum Circular (MC) prescribes the guidelines, rules and regulations in the application, processing, approval, and issuance of Permit To Transport Firearms, firearms parts, accessories and ammunition (PTTFA) to: (1) Armed Forces of the Philippines (AFP), PNP, Law Enforcement Agencies (LEAs) as to their personal firearms; (2) Manufacturers and Dealers; (3) Private Security Agencies, Company Security Units, Private Detective Agencies, and Accredited Armored Vehicle Security Providers; and (4) individuals who opt to surrender/deposit their firearm to the PNP.

and

6) If PTTFA is already issued/released to the applicant/authorized representative, and the same is not used during its validity period, for whatever ground or reason, the applicant shall be required to apply for new one.

h. Conditions, Restrictions, and Prohibitions:

The rationale behind the monitoring and supervision of the transport of firearms is public safety. While in transit, firearms should be transported in a manner that is safe, secure and concealed. However, for many years, the FEO has been saddled with numerous reports of loss of firearms, whether individual or juridical, during transport or while in transit. This has effectively compromised the integrity of the regulation of firearms and the propensity to escape or evade liability. There also exists the malpractice of transporting firearms by PSAs using privately-owned and unmarked vehicles which makes detection or apprehension virtually impossible. This is notwithstanding the prevalence of PSAs neglecting/overlooking or deliberately refusing to apply for and when granted, use, a Permit to Transport Firearm and Ammunition issued by the PNP through the FEO. Hence, the regulatory intervention for this situation does not only ensure the safe transport of regulated items but also to ensure the certainty and identifiability of those who are responsible for the safe and secure transport of the same.

The following guidelines shall be strictly observed in the transport of firearms:

1) The firearms, firearms parts, accessories, and ammunition to be transported shall be properly wrapped and labeled with the name and address of the licensee;

- 2) The firearms, firearms parts, accessories, and ammunition must be secured in two separate cases/boxes and further kept in two separate places (the trunk compartment and glove compartment). If the firearm is to be test fired, it should be unloaded;
- 3) If the firearms to be transported is ten or more small arms or at least one light weapon, it must be escorted by at least two Security Guards who should have a valid License to Exercise Security Profession (LESP) and must be with Special Duty Detail Order (SDDO) for the purpose;
- 4) Transport/movement of ammunition of calibers 5.56 and 7.62 for local shooting competition shall be escorted by PNP personnel from Inspection & Enforcement Section, Education and Enforcement Management Division (I&E Section, EEMD)/RCSU;
- 5) PTTFAs for firearms intended for international shooting competition shall be issued only by FEO. If the firearms to be transported is ten or more small arms, or at least five small arm rifles, the same shall be escorted, in and out of the country, by at least one PNP personnel from FEO.
- 6) The PTTFAs are not valid for ammunition such as caliber 5.56 and 7.62 pursuant to the Presidential Directive No. 2017-0189 with subject Regulating the Selling of Firearms Bullets dated April 3, 2017 except for acquisition and/or use of AFP, PNP, and other LEAs;
- 7) The PTTFAs are non-transferrable, valid for one way-trip only, and is subject to the existing firearms laws, rules, and regulations; and
