In order to clarify the implementation of the Temporary Ban on European Meat and Meat Products under Memorandum Order No. 19, s. 2000 issued by the Department of Agriculture, the following guidelines for the importation of processed meat and meat products from Europe are hereby promulgated.

1. The processed meat products that shall not be permitted for importation and sale are products that may contain specified risk materials derived from animals (cattle, sheep and goat) that may be contaminated with Bovine Spongiform Encephalopathy (BSE) or “mad cow disease” and are identified as follows:

- Canned meat containing meat/offals from cattle, sheep and goat such as corned beef and other meat preparations including frankfurters, liver paste, pate, goulash, soups and broths if one or more of its ingredients are derived from said animals.
- Other processed meat products that may or may not be stable at ambient conditions like sausages, pasta filled/stuffed with meat derived from cattle, sheep and goat.
- Food ingredients containing substances of bovine origin such as beef flavors, animal protein preparations or protein concentrates.

2. In order to verify if the imported meat products do not contain the specified risk materials from BSE affected animals, BFAD Clearance shall be required prior to the release of shipments from Ports of Entry by the Bureau of Customs for products covered under the H.S. Codes of the Tariff and Customs Code of the Philippines, June 2000, listed in the following table:

Table 1. H.S. Codes of Products under Alert

1601.0000	1602.4191	1602.9091
1601.1010	1602.4192	1602.9092
1602.1020	1602.4910	1902.2000
1602.2010	1602.4920	2103.9000
1602.2020	1602.5000	2104.1000
1602.4111	1602.9011	2106.1000
1602.4112	1602.9012	2106.9010

3. Importers seeking BFAR Clearance for shipments under the above specified H.S. Codes, must submit appropriate documents such as bill of lading, packing list, product labels or declaration of ingredients from the manufacturer (if the ingredients are not declared on the product label). In order to avoid delays in processing of clearances, the required documents should be submitted before the arrival of the shipment.

4. The DA memorandum identified thirteen member countries of the European Union covered by the temporary ban which are the countries where sources of imported meat have been accredited. However, there are other countries which have been identified as possible sources of processed meats products and these are included in the BFAD watch list of European Countries identified below.
