

AMENDMENT TO THE FPA PESTICIDES REGULATORY POLICIES AND IMPLEMENTING GUIDELINES

Read online (full-text search, related cases, audio case brief): <https://batas.org/library/7311106a4e42/>

WHEREAS, the Fertilizer and Pesticide Authority was created by virtue of P.D. 1144 to assure the people of adequate supply of quality fertilizer and pesticide (F/P) at reasonable prices, rationalize their production and marketing, and educate the public on the safe and judicious use of these inputs to the agricultural sector in line with the national objective of increasing food production;

WHEREAS, policy issues are vested with the FPA Board of Directors chaired by the Secretary of Agriculture;

WHEREAS, Chapter 6.6 of the FPA Pesticide Regulatory Policies and Implementing Guidelines prohibits the importation of locally produced technical grade materials and its corresponding finished products used in the manufacture and formulation of pesticides which reads:

“No importation of locally produced technical grade materials and its corresponding finished products is allowed by the FPA. However, the manufacturer is required to submit proof that the price of the technical materials locally produced is competitive with the world market price.”

WHEREAS, the said provision now contradicts existing government economic policies such as that on free enterprise and violates the mandate of the FPA to provide adequate assistance to the agricultural sector in line with the national objective of increasing food production;

WHEREAS, the said provision in the FPA Greenbook has been overtaken by developments in World Trade as provided in Article XI of the General Agreements on Tariffs and Trades of 1997;

WHEREAS, a portion of 6.6 of the FPA Pesticide Regulatory Policies and Implementing Guidelines should be deleted/repealed prohibiting the importation of locally produced technical materials and its corresponding finished products which will result in lowering down the prices of pesticides and will bring about increase agricultural production in keeping with the vision and program of the national government;

WHEREAS, such deletion of a portion of Chapter 6.6 of the FPA Pesticide Regulatory Policies and Implementing Guidelines was considered after due consultations on the technical, scientific, toxicological and environmental concerns by the FPA accredited team of experts in various disciplines;

WHEREAS, such importation shall ensure the proactive mitigation measures and adopt the “polluters pay principles” to protect the people and the environment;

WHEREAS, such importation shall ensure that the items to be imported shall be subject to the flag law, i.e. the importation is allowed if the price of local products is more than 15% of that which is being imported;

NOW, THEREFORE, the Board hereby RESOLVES to amend the “FPA PESTICIDES REGULATORY POLICIES AND IMPLEMENTING GUIDELINES” governing the importation of pesticides by lifting the prohibition on the importation of locally produced technical grade materials and its corresponding finished products contained in Chapter 6, Item 6.6. of the said rules.

ABOUT BATAS.ORG

Study smarter at BATAS.org

The Philippine bar review and law-school companion built around how your brain actually remembers.

The complete Philippine law library - free for everyone.

More than 100,000 Supreme Court decisions, Republic Acts, and executive issuances - full-text searchable, browsable by category and year, and always free. No paywall, no login. This PDF came from it.

Audio case-brief lectures.

Any decision becomes a podcast-style lecture - facts, issues, ruling, and doctrine - with read-along highlighting and a hands-free presentation mode. Study while commuting, working out, or resting your eyes.

Bar review built on the science of memory.

Complete, sequenced courses for all eight bar subjects, narrated like podcasts and reinforced with retrieval practice and spaced review - the study techniques with the strongest evidence behind them.

The full law-school curriculum.

One subscription unlocks the entire J.D. curriculum - every subject, every lesson, with your progress tracked down to the paragraph so you can pick up exactly where you left off, on any device.

Mock exams that tell you where you stand.

Timed multiple-choice exams graded instantly, with per-subject score breakdowns and focus suggestions that point you at your weakest topics first.

A study planner that keeps you on pace.

Set your schedule and BATAS tells you every day whether you are on track for bar day - and exactly which lesson to take next.
