WHEREAS, the construction, installation and operation of sewerage facilities are important activities that need to be controlled and monitored to ensure that these are properly put in place, operated according to required standards, and ascertain that the same will not contribute to/aggravate flooding in Metro Manila;

WHEREAS, it has been noted that private establishments, high rise buildings, residential and commercial establishments have indiscriminately connected their sewerage to the public drainage systems;

WHEREAS, existing public drainage facilities are designed to convey rain waters only and not designed to accommodate the volume of water coming from these private and commercial establishments;

WHEREAS, it has been proven that unrestrained discharge of residential and industrial wastewaters have greatly contributed to flooding during heavy rains and the destruction of drainage facilities.

WHEREAS, R.A. 7924 empowers MMDA to formulate and implement policies, standards programs and projects for an integrated flood control, drainage and sewerage system;

WHEREAS, the Metro Manila Council recognized the need to require public and private entities to secure permit from MMDA before undertaking any construction/installation and connection of sewerage facilities in Metro Manila for purposes of monitoring and control to ensure that these conform to the sanitation standards of water quality.

NOW, THEREFORE, be it resolved as it is hereby resolved, pursuant to Section 6 of R.A. 7924, that the Council hereby requires all public and private entities to secure permit from MMDA before constructing, installing and connecting sewerage lines to public drainage facilities in Metro Manila for monitoring and control purposes.

RESOLVED FINALLY, that the Council hereby authorizes the MMDA Chairman to issue Implementing Guidelines to this effect and may amend the same as the need arises.

This Resolution shall take effect fifteen (15) days upon publication in two (2) newspapers of general circulation.

Adopted: 21 June 2007

ABOUT BATAS.ORG

Study smarter at BATAS.org

The Philippine bar review and law-school companion built around how your brain actually remembers.

The complete Philippine law library - free for everyone.

More than 100,000 Supreme Court decisions, Republic Acts, and executive issuances - full-text searchable, browsable by category and year, and always free. No paywall, no login. This PDF came from it.

Audio case-brief lectures.

Any decision becomes a podcast-style lecture - facts, issues, ruling, and doctrine - with read-along highlighting and a hands-free presentation mode. Study while commuting, working out, or resting your eyes.

Bar review built on the science of memory.

Complete, sequenced courses for all eight bar subjects, narrated like podcasts and reinforced with retrieval practice and spaced review - the study techniques with the strongest evidence behind them.

The full law-school curriculum.

One subscription unlocks the entire J.D. curriculum - every subject, every lesson, with your progress tracked down to the paragraph so you can pick up exactly where you left off, on any device.

Mock exams that tell you where you stand.

Timed multiple-choice exams graded instantly, with per-subject score breakdowns and focus suggestions that point you at your weakest topics first.

A study planner that keeps you on pace.

Set your schedule and BATAS tells you every day whether you are on track for bar day - and exactly which lesson to take next.
