

REQUIRING ALL OWNERS, OPERATORS, AND DRIVERS OF CEMENT TRUCKS OR CEMENT MIXERS TO PUT VISIBLE SIGNS INDICATING “LOADED WITH CEMENT – KEEP DISTANCE” ON THEIR HEAVY VEHICLES

Read online (full-text search, related cases, audio case brief): <https://batas.org/library/a8dd70dabef4/>

Whereas, it has been observed that there are numerous accidents involving trucks and other heavy equipment which resulted not only to damage to property but serious physical injuries and death;

Whereas, for the first quarter of this year, the MMDA has recorded at least 1,512 vehicular accidents involving heavy equipment which injured 268 persons and killed 12,7 of which were pedestrians;

Whereas, there has been a recent spate of accidents involving cement trucks, which on account of their sheer size, weight, and high center of gravity, caused serious and fatal accidents involving innocent civilians;

Whereas, a cement truck on the roadway can create serious risks for traffic and pedestrians, risks far different and more serious from having smaller vehicles on the road;

Whereas, cement truck accidents are caused either by human error, driver inexperience, lack of safety training, driver intoxication, failure to obey traffic laws, or other elements like bad weather, improperly secured cargo loads, poor road conditions, or vehicle equipment failure;

Whereas, cement truck drivers are usually in a rush to reach the construction sites when they are carrying wet cement and this situation raises the risk the cement truck poses on other road users;

Whereas, drivers of passenger vehicles should also realize that cement trucks are unstable and difficult to maneuver, that their drivers have blind spots and poor line of vision, and that cement trucks have a high center of gravity, therefore making them susceptible to rolling over while turning;

Whereas, the general public should also be made aware of the dangers posed by cement trucks and should have the necessary warning and precaution in order keep a safe distance away from cement trucks to avoid being involved in accidents;

Now therefore, pursuant to the provisions of Republic Act No. 7924, it is hereby ordered the following:

- All owners, operators, and drivers of cement trucks are required to put and install a permanent visible sign indicating “LOADED WITH CEMENT - KEEP DISTANCE” the letters of which should not be less than thirty (30) centimeters in height at the back and both sides of the truck, in addition to other vehicle markings required under applicable laws and regulations.
- Violators of this Memorandum Circular shall be penalized with a fine of Five Hundred Pesos (P500.00) without prejudice to the imposition of other penalties for other violation of traffic laws, rules and regulations.
- All previous Memorandum Circulars inconsistent with the foregoing provisions are hereby modified, amended, or repealed accordingly.

- If any part or provision of this Circular is held unconstitutional or invalid, other parts or provisions thereof which are not affected shall continue to remain in force and effect.

- This Memorandum Circular shall take effect fifteen days after its publication.

ABOUT BATAS.ORG

Study smarter at BATAS.org

The Philippine bar review and law-school companion built around how your brain actually remembers.

The complete Philippine law library - free for everyone.

More than 100,000 Supreme Court decisions, Republic Acts, and executive issuances - full-text searchable, browsable by category and year, and always free. No paywall, no login. This PDF came from it.

Audio case-brief lectures.

Any decision becomes a podcast-style lecture - facts, issues, ruling, and doctrine - with read-along highlighting and a hands-free presentation mode. Study while commuting, working out, or resting your eyes.

Bar review built on the science of memory.

Complete, sequenced courses for all eight bar subjects, narrated like podcasts and reinforced with retrieval practice and spaced review - the study techniques with the strongest evidence behind them.

The full law-school curriculum.

One subscription unlocks the entire J.D. curriculum - every subject, every lesson, with your progress tracked down to the paragraph so you can pick up exactly where you left off, on any device.

Mock exams that tell you where you stand.

Timed multiple-choice exams graded instantly, with per-subject score breakdowns and focus suggestions that point you at your weakest topics first.

A study planner that keeps you on pace.

Set your schedule and BATAS tells you every day whether you are on track for bar day - and exactly which lesson to take next.
