The Governor-General, with the concurrence of the Speaker of the Philippine Assembly, upon recommendation of a majority of the emergency board aforesaid, may authorize the expenditure of additional funds not specifically appropriated, in such amount

as may be deemed necessary for the purposes of the work, Bureau, or Office concerned. The Governor-General, within thirty days after the opening of the next regular session of the Philippine Legislature, shall send to each body thereof a statement of the amount or amounts of the expenditures authorized under the provisions of this section.

For the purposes of this section, there is hereby appropriated from funds in the Insular Treasury not otherwise appropriated such sum or sums as may be necessary to carry out the provisions hereof, not exceeding one million pesos: Provided, That no funds shall be set up on the books of the Auditor under this section until the same shall have been allotted by the Governor-General and the Speaker.

The board may designate a secretary, at such salary as said board shall determine and may be approved by the Presidents of both Houses, and the salary so allowed shall be paid out of the contingent appropriation authorized by this Act for any Bureau or Office, or may be taken out of contingent funds for several Bureaus, as the Governor-General may approve. The position of secretary of the board shall continue until abolished.

The efficiency board may delegate to its secretary, if any there be, such of its duties of investigation as it may desire, but the recommendations to the Legislature shall in every case be made by the efficiency board.

SEC. 4. Whenever the Governor-General shall be of the opinion that there is good reason for believing that the probable revenues of the Insular Treasury will not be sufficient to cover the expenditures provided for in this Act, he shall direct the emergency board to consider the condition of funds existing in the Insular Treasury, the expenditures already made and to be made, and the probable revenues until the end of the fiscal year for which this Act has been passed, and to propose adequate measures to reduce the expenditures in order that they may be met out of the funds in the Insular Treasury and the certain revenues which will accrue to it. The board will report to the Governor-General the result of its deliberations as soon as possible and make such recommendations as it may deem wise. In accordance with the report of the board, the Governor-General with the concurrence of the Speaker of the Assembly may suspend temporarily, or definitively to the end of the fiscal year for which this law has been enacted, the payment of the expenses of any Bureau or Office, to an amount not to exceed thirty per centum of the sum appropriated by this Act for such Bureau or Office.

SEC. 5 All sums appropriated by this Act for the various Bureaus, Offices, and provinces shall be expended solely for the specific purposes for which appropriated, and for no others, and no amount appropriated for salaries and wages shall be available for the payment of contingent expenses nor shall any amount appropriated for contingent expenses be available for the payment of salaries and wages: Provided, That in any Bureau or Office, subject to approval by the Governor-General, or the proper head of department, any unexpended balance under any item of

SEC. 6. Unless otherwise provided by this Act, all income accruing to Bureaus and Offices by virtue of the provisions of existing law shall revert to the general unappropriated surplus of the Insular Government.

SEC. 7. The net surplus of all appropriations herein and heretofore made for the current expenses of Bureaus and Offices of the Insular Government shall revert to the general fund as of December thirty-first, nineteen hundred and sixteen, and shall not thereafter be available for expenditure except by subsequent legislative enactment.

SEC. 8. During the new fiscal year of nineteen hundred and sixteen no Department head or chief of Bureau shall increase or decrease the salary appropriated for each office or employment, any provisions of law to the contrary notwithstanding: Provided, That this section shall not affect the provisions of section eighteen of Act Numbered Sixteen hundred and ninety-eight.

SEC. 9. Hereafter no allowance shall be paid to any employee for the maintenance of means of transportation owned by him but used on official business, in excess of twenty pesos per month in the case of a horse, or thirty pesos per month in the case for motor vehicles or vessels.

SEC. 10. The officers and employees detailed by the Governor-General for duty in the United States with the Philippine Board of the Panama-Pacific International Exposition may receive the money value of accrued leave to their credit on the date of their departure from the Philippine Islands in addition to the payment of their regular salaries for services rendered during such period of duty, the provisions of existing law to the contrary notwithstanding.

SEC. 11. This Act shall take effect on January first, nineteen hundred and sixteen.

Enacted, December 18, 1915.
