4. Other Important Information:

- Non-restricted nationalities: Every foreigner who wishes to reside in Jordan for more than two weeks is required to visit the nearest police station for purposes of indicating his residence and obtaining the first temporary residency.
- Restricted nationalities: after indicating the residence by the police station, the applicant is required to visit the Borders and Residency Department to obtain the first temporary residency permit within the first two weeks of entry.
- The medical clearance certificate is issued by certified health centers. Every foreign national above 12 years of age is required to submit this certificate.

- Accompanying members 16 years of age require an independent passport and residency permit.
- The residency permit will be considered cancelled in case of stay for more than six months outside Jordan,
- Acquiring the work permit does not mean obtaining the residency permit in result.

Therefore, the applicant is required to visit one of the branches distributed around Jordan to complete the process of obtaining the annual residence permit.

For the information and guidance of all concerned.
