2. Accordingly, upon the registration of any enterprise in a preferred area of investment, the Board of Investments shall designate the specific supporting public works projects required by said enterprise in its preferred operations and give notice thereof to the Department of Public Works and Communications. Thereupon, the latter shall undertake said public works projects to the full extent authorized by law and submit monthly progress reports thereon to the President. If any such project cannot be undertaken, the Department of Public Works and Communications shall report the same to the President with a statement of the reasons for its inability to do the project. The DPWC shall furnish the Board of Investments with a copy of every report to be submitted by it to the President.
3. The Budget Commissioner shall give preference to the release of funds necessary for the above purposes. If funds cannot be released, the Budget Commissioner shall report the same to the President with a statement of the reasons therefor and shall send copies thereof to the Department of Public Works and Communications and the Board of Investments.
