WHEREAS, the NPC as the power producer, has sought approval from the DOE to provide financial assistance to the displaced farmers and tenants of agricultural lands covered by the Masinloc Power Project since the said farmers and tenants were adversely affected by this project;

No. 1-94, promulgated by the Department of Energy (DOE) on May 24, 1994 prescribed the provision of direct benefits to pertinent local government units hosting energy resources and/or energy-generating facilities within their territorial jurisdiction in order to secure their favorable endorsement and full support to the construction and operation of these facilities, pursuant to Section 5 (i) of Republic Act No. 7638 (Department of Energy Act of 1992);

WHEREAS, the said regulations required power producers to provide, among others, a set of financial benefits equivalent to one centavo per kilowatt-hour from electricity sales proceeds of their energy projects or energy-generating facilities to these host local government units (“host LGUs”);

WHEREAS, twenty-five percent (or P 0.0025) of the said one centavo per kilowatt-hour shall represent a development and livelihood fund, of which five percent (5%) shall be for the benefit of the barangays hosting the official resettlement/relocation sites of the community and people affected;

WHEREAS, it is recognized that the above-cited displaced farmers and tenants of Barangay Bani, Masinloc are considered as bona fide beneficiaries of financial assistance from the Masinloc Power Project, in particular the five percent (5%) financial benefits dedicated for official resettlement/relocation sites;

2. The said amount shall be credited against the five percent (5%) share dedicated for official resettlement/relocation sites from the total development and livelihood fund accruing from the Masinloc Power Project and shall be applied against this benefit at the rate of twenty percent (20%) per year upon commencement of the commercial operation of the said project, subject to the pertinent guidelines and procedures of the DOE.
